Forecast For Wales
Issued by Met Office Exeter
at 1600 on Sunday 11 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
A wet start, then turning drier and warmer later.

This Evening and Tonight:
A wet night as the afternoon outbreaks of rain continue, the most frequent of which in the south. These turning heavy at times. A cloudy night, with low cloud giving hill fog over upland areas. Minimum temperature 13 deg C (55 deg F).

Monday:
Mostly dry through the morning, with maybe some patchy light rain for some. Then into the afternoon sunny spells and scattered showers develop, the heaviest of which in the south. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Sunny spells on Tuesday, with a few lighter showers. Dry and sunny on Wednesday and Thursday, though perhaps temporarily cloudy Thursday morning with occasional drizzle. Temperatures warming through this period.
